Accent on Your Future!

Lake Forest's program of education is tuned to the needs of today and alerted to the preparedness of the future . . . progressive in its philosophy, yet retaining that which is traditionally sound . . . the new and the old in practical and harmonious balance.

BE A FORESTER!

The name "Foresters" was selected as the nickname for our Lake Forest College varsity athletic teams in a contest conducted several years ago by the Student Council. Recently it has become the custom to refer to all members of the student body as "Foresters"—and the College has adopted the young giant with the easy-going and friendly grin as its school symbol.

IDYLLIC LOCATION

Huge trees stud the beautifully wooded grounds of the College campus, located near the shores of Lake Michigan, and surrounded by one of Chicago's most beautiful suburbs, the village of Lake Forest. It is only 30 miles north of Chicago's "Loop"—easily accessible to the many advantages and opportunities of that great city: fine arts and museums, educational facilities and libraries, business and industry, shopping and recreation, in fact, most everything imaginable.

CO-EDUCATIONAL

Lake Forest College believes very strongly in personalized, co-educational instruction. For that reason the enrolment is limited, permitting classes of smaller size. This enables the student to grasp more readily the College's well-developed program of education, chock-full of good planning and solid ideas.

PURPOSEFUL PREPARATION

Foremost objective is to develop the whole person so that he may become an integrated and socially responsible individual with a philosophy of life based on Christian values. In addition, Lake Forest offers a practical, well-rounded, and useful preparation in a wide range of study: medicine, law, dentistry, ministry, finance, personnel, insurance, sales, ownership and management of business, accounting, teaching, medical technology, secretarial, music, art, drama, radio, journalism, social work, library, government and foreign service—22 different departments of instruction.

CHURCH RELATED

Approved by the Presbyterian Board of Christian Education. The College Charter, however, forbids discrimination against students on the basis of denominational affiliation. In Lake Forest and surrounding communities are churches of every denomination—where students are welcomed to attend and worship.

WHERE THE PERSONAL NEEDS AND INTERESTS OF THE STUDENTS RECEIVE FIRST CONSIDERATION

ADMISSION STANDARDS

Two factors strongly influence the admission of students at Lake Forest. One is character. The other is the ability to learn. Both, as you can see, identify the kind of student who gives promise of leadership in a broad program of extra-curricular activities, and those who can make a substantial mark in scholastic achievements—students, in other words, who will become real "Foresters" in every sense of the name. Thus, for an approved admission to Lake Forest College, it is necessary to have both a promising academic record and a good character recommendation from the last school attended. Students may be admitted on the basis of examination if their previous achievement records are below the recommended standard, for Lake Forest College seeks also those students who show *the promise of growth.*

ACADEMIC SCHOLARSHIPS

Traditionally, Lake Forest is interested in promoting high scholarship. There are President's scholarships available to those students who rank in the upper 10% of their high school classes and Trustee scholarships available by competitive examination. Also available are grants-in-aid to students who rank in the upper half of their high school classes. Special consideration for scholarships is given to those students who successfully complete their freshman year. Lake Forest's thinking behind this special consideration is simple: when a student does a good job as a freshman, he really has "something on the ball"—has all the earmarks of becoming a dyed-in-the-wool "Forester"—an asset to himself and his family as well as to the College.

TUITION DATA

At Lake Forest you pay only 75% of the actual cost of your education. The other 25% is paid for through endowment returns and gifts. This is how it works: Actual per student cost of one year's education at Lake Forest averages a little over $1,600—and 75% of that comes to $1,200, which is the cost to you . . . $600 for your tuition and fees . . . $600 for your room and board (average). Other standard costs are books (averages $50 a year), laundry, spending money, etc. (most students get by on $150 a year). Incidentally, tuition charges and board and room charges are payable on a semester basis—with up to 4 payments a semester for easier financing.

PART-TIME EMPLOYMENT

Students have an excellent opportunity to help finance their education at Lake Forest through campus and off-campus employment. An alert and active student employment bureau provides an interested and understanding personal service to students desiring part-time employment. There has always been a large number of part-time jobs available in the community to provide extra income for worthy students. Though a student should not expect to work his way through college his first year, it is possible for him to earn a considerable part of his first year's expenses.

Lake Forest College

WITH FACULTY AND STAFF, BUILDINGS, EQUIPMENT, FACILITIES, AND PROGRAMS PROVIDING A FULL MEASURE OF ACADEMIC, SOCIAL, RECREATIONAL, AND SPIRITUAL LIFE FOR ITS STUDENTS

OUTSTANDING FACULTY

Providing an education that is inspirational yet sound and practical is the common-sense objective at Lake Forest College. Believing that a well-equipped faculty is the heart of a college, Lake Forest College offers a faculty and staff that is wise in the art of teaching, rich in experience, warmly understanding. Faculty members are selected from many different and interesting teaching and educational experiences—from European universities, the East, Middle-west, South, and far West. These cosmopolitan backgrounds in turn make for a richer, broader, and more understanding educational experience for the students at Lake Forest College.

COUNSELING AND GUIDANCE

Hand in hand with good teaching is another important service to the student: friendly, unselfish guidance and counseling that integrates richly the academic, social, recreational and spiritual life on the campus. There is a faculty counselor for every student—sincerely interested in the welfare and growth of the individual.

FRESHMAN ORIENTATION

A continuous orientation program is carried on at Lake Forest for its freshmen throughout the entire academic year. There are faculty counselors in every dormitory—as well as selected upper-class student counselors in the freshman dormitories. Freshman men and women are housed separately from the upper-class students for their first year. This arrangement makes it possible to more readily assist these students in making their social and academic adjustments to college routines and activity.

HOME-LIKE DORMITORIES

Living quarters at Lake Forest are particularly noted for their friendly, homey, and gracious atmosphere. There are beautifully furnished lounges for visiting and just lazying-around. Students' rooms are handsomely done in modern or colonial furniture. No more than two students are permitted in a room—and there are many single rooms available.

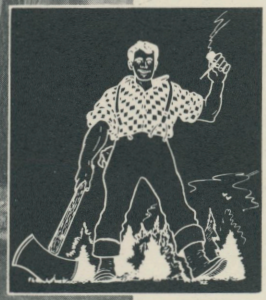
BUILDINGS AND FACILITIES

Lake Forest has a spacious 100-acre campus. Its buildings include 12 dormitories for men and women, 6 classroom buildings, a health service center, a library, a chapel, a field house, and a women's gym. (The library contains more than 75,000 volumes, including the Bross collection which is one of the outstanding libraries on religious literature.) There are athletic fields and facilities for football, basketball, baseball, tennis, golf, badminton, volley ball, hockey, archery, track. And last, but far from least, the student center, with coffee shop, club rooms, and recreation rooms.

LAKE FOREST COLLEGE . . . *where a broad student activity program is integrated with its academic program to develop qualities of leadership in its students.*

STUDENT ACTIVITIES

There is something available at Lake Forest for virtually every student interest: student government, Student Christian Association, Religious Activities Council, Weekly Chapel, fraternities and sororities, honor clubs and societies, weekly newspaper, literary magazine, the Forester yearbook, Garrick Players drama club, radio broadcasting, debate and oratory, choruses for both men and women, Madrigal Group, band and orchestra, formal dances. Another form of keen "activity" spirit is found in the "week-end" festivities sponsored by campus organizations.



INTRA-MURAL PROGRAM

Every student may participate in Lake Forest's intra-mural athletic program, which offers touch football, basketball, bowling, softball, tennis, and golf for men —and hockey, basketball, bowling, volley ball, softball, tennis, and golf for women. Enthusiasm among the student body for these intra-mural contests often reaches a fever-pitch—and sometimes draws crowds equal in number to varsity contests. Faculty teams compete with student teams in such sports as bowling and softball, and add to the excitement and pleasure of the contests.

VARSITY ATHLETICS

Keen competition with colleges throughout the Middle-west is provided in Lake Forest's varsity athletics, involving football, basketball, baseball, tennis, golf and track. Lake Forest's athletic fields and facilities are of the highest standard—and the athletic coaches are whole-heartedly interested in developing good sportsmanship, character, morale, and group spirit.
